The ataxias are diseases of the nervous system. They can affect anyone, from babies to adults. As ataxia progresses people's disabilities increase, until they may depend entirely on others. There is currently no cure.

We are the UK's leading charity for people with ataxia, their families and carers. We support those affected by ataxia and fund research into causes and potential treatments.

Sponsors, please tick the Gift Aid box and add your full details, including the postcode. This will enable Ataxia UK to claim an extra 28p for every £1 donated.

To qualify for Gift Aid, what you pay in income tax or capital gains tax must at least equal the amount we will claim in the tax year.
